

Policy

3820 Gifts/Donations to the District

The Board of Trustees accepts its responsibility to provide from public funds, to the extent of their availability, the necessary supplies, equipment, and support services for maintenance of comprehensive college programs. The Board recognizes, however, that individuals and organizations in the community may wish to contribute additional supplies, equipment or funds to maintain, enhance or expand opportunities available to college students.

It is the policy of the Board of Trustees to delegate to the Chancellor and presidents the acceptance or refusal of gifts, donations, bequests and devises made to the District for community college purposes.

In no case shall acceptance and acknowledgment of a gift be considered an endorsement by the District of a commercial product or business enterprise or institution of learning.

The Board shall consider all gifts, donations and bequests made to the District. The Board reserves the right to refuse to accept any gift which does not contribute toward the goals of the District, or the ownership of which would have the potential to deplete resources of the District.

The District shall assume no responsibility for appraising the value of gifts made to the District.

In no event shall the District accept a donation from any donor who engages in practices or policies which discriminate against any person on the basis of nationality, religion, age, gender, gender identity, gender expression, race or ethnicity, medical condition, genetic information, ancestry, sexual orientation, marital status, military or veteran status, or physical or mental disability; or when the stated purposes of the donation are to facilitate such discrimination in providing educational opportunity.
